Estimated Income of District

| | |
|---|-------------------|
| State Aid (Dec. 1933 allotment) | \$699 08 |
| Dog tax (estimate) | 100 00 |
| Income from trust funds (estimate) | 30 00 |
| Elementary school tuition receipts, est. | 37 00 |
| Deduct total estimated income (not raised by taxation) | <u>\$ 866 08</u> |
| Assessment required to balance school board's budget | <u>\$3,915 34</u> |

Last year the appropriation was reduced by the district from \$4,000 to \$3,000. This made it necessary to make a radical reduction in expenditures. It was decided to close the Ireland school and make further reductions in the budget. It was possible to finance this reduced budget only because we had a balance from the previous year of \$444.73 and an adjustment credit due from the State Board of Education to the amount of \$485.37, making a total of \$930.10. Next year our balance will be used up and there will be no extra payment from the state, so we shall have \$930.10 less money to spend for our schools than we had this year. This means that if we continue to operate three schools as for the present year, it will be necessary to raise \$900 more than last year. If you reduce this amount your State Aid will be reduced approximately the amount of your reduction. For example, the reduction in your appropriation this year made the amount received from the state \$769 less than if it had not been reduced. Therefore, we recommend that the school district raise and appropriate \$3,900 for the ensuing year.

Respectfully submitted,

EVERETT A. NOYES,
JOHN W. CHANDLER,
MRS. ETHEL M. TITUS.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books and other financial records of the School Board of Landaff, of which this is a true summary for the fiscal year ending June 30, 1932, and find them correctly cast and properly vouched.

CHARLES CHANDLER, Auditor.

July 1, 1932.

SUPERINTENDENT'S REPORT

TO THE SCHOOL BOARD AND CITIZENS OF LANDAFF :

The total enrollment for last year was 67, the average attendance 60.55 and the percent of attendance was 94.77. The percent of attendance is three percent better than for the previous year. The total number of cases of tardiness was 84 compared to 140 the previous year. There were ten pupils attending Lisbon High school. The present school year has an enrollment of 73 in your elementary schools and fourteen attending Lisbon High school.

There have been several changes in the teaching staff of your schools this year. Miss Maloney obtained a position in the Lisbon schools and Miss Jackson took a position nearer her home. The closing of the Ireland school made it possible for Miss McCaughey to take the Blue school, but she decided not to do so. Miss Kathleen Callahan of Franconia, a graduate of the three-year course at Keene Normal school in 1931, was hired for the Center school. Miss Callahan taught last year at Epsom, N. H. Miss Christina Barrett of Manchester, a graduate of Plymouth Normal in 1932, took Miss Maloney's place at the Blue school. These teachers are both doing good work.

The pupils of the Ireland district are now attending the Center school. These two schools are so near that it was possible to combine them without paying any transportation costs. The combination of these schools gives the pupils from the Ireland district a better and more interesting school and saves the school district money. I believe it should be continued.

The Scotland school has an enrollment of 15, five of whom are at the present time tuition pupils. This building needs painting badly, both inside and out. The painting of the outside ought to be done this year. If the appropriation recommended by the school board is decreased very much it may be necessary to close this school and transport the pupils to the Center school.

I have introduced into your schools the Gates-Huber reading system. The work of each grade is very carefully outlined and developed so that the teacher has a definite plan to follow. I feel certain that it will bring about marked improvement in that most necessary of all subjects, reading. I have also introduced a new system of handwriting, which will be uniform in all schools and not vary with each teacher.

I certainly appreciate your cooperation in all matters pertaining to the welfare of your schools.

Respectfully submitted,

F. LESTER TRAFTON.
